Just wondering what all needs to be done to swap a 2006 spec-v manual transmission into a 2002 maxima 6 speed The reason I ask is because the input shaft bearing on my 02 maxima went. I have been looking for used transmission (car-parts.com) but all used maxima trans from 02up are at least 800 lockingnon diff. Used spec-v transmission s are about half the cost plus most have lsd too.
