### Java 8 Lambdas: Pragmatic Functional Programming by ...

Very good book. I'm a freelance Java developer with 15 years experience and needed a solid understanding of Lambdas and the other Java 8 features. I found this book extremely easy to read and although the subject matter can be technically challenging it was a breeze. I couldn't wait to use the Java 8 features in my code. Highly recommended read.

### Java 8 Lambdas: Functional Programming For The Masses ...

For many people, what Java 8 offers by way of functional programming is incredibly limited: no monads,1 no language-level lazy evaluation, no additional support for im- mutability. As pragmatic programmers, this is fine; what we want is the ability to write library-level abstractions so we can write simple, clean code that solves business prob- lems.
