### **Looking for training book on Mastercam post processors**

Post Processors are a critical part of any CAM system. Their basic function is to translate the toolpath you see on screen to machine-readable code (often referred to as G-code) but with the right Post Processor, you can reduce machine cycle time, remove manual editing and provide more information to your operators for faster setup time.

### **CAM Post Processor - KITAMURA ARUMATIK-MI MILL**

Thomson, with more than 22 years of advanced Mastercam post-processing experience, knows this better than most. His company, Postability, focuses on the development of quality, custom NC post processors and services exclusively for Mastercam CAD/CAM systems. It was the first company outside of the Mastercam Reseller channel to do so.
